Notes: 1/ Decree # 5111 allocated water rights from Burney Creek on a rotation basis. Since the decree was finalized in 1926, the water right owners have requested to divert on a continuous flow basis. The continuous flow allotments plus surplus allotments are also used for watermaster billing purposes.								
2/ Per Schedule I, Decree # 5111.								
3/ Per Schedule II, Decree # 5111. Schedule II total states 25.30 cfs, but sum of allotments equals 25.35.								
4/ Per paragraphs 8 and 10, Decree # 5111. These minimum flows were intended for domestic and stockwater purposes and were decreed to particular ditches and not owners during off-rotation periods. These minimums were assigned to particular Tracts to determine continuous flow allotments.								
5/ Equals (West + East + Minimum) divided by 2.								
6/ Per schedule III, Decree # 5111.								
7/ Sum of Continuous plus Surplus.								
8/ Tract 10 is also entitled to divert 0.75 cfs from Canyon Creek and entire flow of Spring Creek. See paragraphs 1 and 2, Decree # 5111. These rights are not included in watermaster billing.
